

SINE: SURVIVAL IS NOT ENOUGH

SINE empowers underrepresented college graduates in Oregon and SW Washington through community-based solutions that mitigate barriers to social mobility. Graduates who join this network gain access to SINE’s four areas of support: Leadership Development, Civic and Community Engagement, Financial Education, and Wealth Building.

CONTRIBUTE TO A BRIGHTER FUTURE

Invest in a new generation of dynamic and talented professionals while helping tear down the cultural and economic barriers that keep aspiring professionals from realizing their full potential.

“I’ve always wanted to give back by mentoring young professionals navigating early career challenges and opportunities. It’s even more important for those who lack professional networks from family or friends. SINE made it easy for me to connect with young people willing to invest in the mentor and mentee relationship. It’s incredibly rewarding, and I recommend it to anybody committed to building a more equitable workplace.”

— Doug Badger, SINE Mentor

HELP BUILD AN EQUITABLE REGION

Contributing organizations gain exclusive access to the most diverse, qualified, and rising talent while promoting their brand and building equity in Oregon and SW Washington.

“It’s another group of people who are committed to making sure that you’re successful, that you’re making smart investments with your time and your education and your work. They truly do want to see you succeed.”

— Maddy Do, SINE Member

GET INVOLVED AT

[SINEUP.ORG/BE-THE-CHANGE](https://sineup.org/be-the-change)

2021

The Contingent launches SINE to improve racial and economic equity for BIPOC college graduates.

GOING PUBLIC

SINE proves effective at closing the racial wealth gap and continues to provide a multiyear program.

2022

The program expands to add more backers and participants from a diverse working community.

MENTORS

Backers, former SINE Members, and other professionals who provide financial and leadership guidance.

BACKERS

Successful small and large businesses that provide crucial financial and relational support.

BACKERS CAN PROVIDE MULTIPLE LEVELS OF SUPPORT

Demonstrate your commitment to SINE goals by becoming a backer.

As a backer, your company will help build pathways to employment and economic self-sufficiency for BIPOC college graduates in Oregon and SW Washington.

Current SINE backers include Advantis, Tillamook, Dutch Bros, PNC Bank, and Thesis Agency.
